### Phase III of A Seven Year Vision for Zion Baptist Church

**2012 Leadership** – in the culminating year of the seven year plan Zion will be in a position of leadership in the church community and the Washington Metropolitan area at large. Zion will demonstrate this leadership by actively engaging in advocacy efforts on behalf of the community. This advocacy will focus particularly on issues impacting the African American family and will be manifested through political and financial means. Zion will be the prophetic voice of God speaking truth to power for those who cannot speak for themselves.

Ephesians 4:11-13
